I Never Had a Gun

Sinnergod

Hey you, I can see you looking fine and cool
But I won't, It ain't real
I will not fall to your sympathy, no
Oh well, it's a game you want? please show and tell
We will fall to the ground
Bury our thoughts six feet under the groundI cannot pretend, that we could be just friends
Down and out, I swear to god I never had a gunHey you, we could be the only one that's true
In our heads we'll play dead
We will fuck each other up instead, yeah
Our spell is the only thing that's close to hell
But we'll fall to the ground
Bury our thoughts six feet under the groundI cannot pretend, that we could be just friends
Down and out, I swear to god I never had a gun
