

# I Shot The Sheriff

Warren G

1-I shot the sheriff...Verse 1:I had to shoot the sheriff it was justifiable  
he mistaked me for somebody who was liable  
for all tha many murders l.a and war fields  
we keep makin war shields  
streets keep souls  
young brothers loose control  
I seem to maintain through this  
watch where ya kick it they'll put you in a twist  
and it aint nobody like my down ass hommie  
and tha police always tryin to pin some bullshit on me  
I keep away from fools  
they do crime and it attracts cops  
cops got guns and cuffs  
and cells to stuff you in--Chorus--Verse 2:They tryin' to stick with some bullshit that I did not do  
you know who  
the boys in blue  
there they go with they assumptons  
slaverys over let us have somethin'  
why you wanna pull me over?  
'cause I'm bumpin?  
I just made a new song  
my profession is music  
your profession is protection with gats  
then use it on him when he's tryin' to take my life away  
I'm just tryin' to live my life today  
so I keep away from fools they do crime it attract cops  
cops got guns and cuffs  
and cells to stuff you in--Chorus--Verse 3:I shot the sheriff  
I didn't shoot the deputiy I didn't have to  
'cause in this game they always tryin' to blast you  
and leave it to tha cops to find out who did the murder  
they harrase tha wrong clan and arrest tha wrong man  
the hommie day-dog got strapped but thats okay  
'cause I'm gonna work for life  
so he can see another day  
a hommies a hommie  
a fake is a snake  
straight game from tha pen from tha hommie jake  
so I keep away from fools they do crime it attract cops

cops got guns and cuffs  
and cells to stuff you in
