Penny

The Dollyrots

looking down thought i saw a penny
something tells me it wasn't red
spun around wishing to see clearly
happens to me now and then
when i wait

in the afternoon
waiting for my, waiting for my
they say it's come so soon
waititng for my, waiting for my
favorite one to swing on by
in the hot rod woah oh ohoh

spun up near me looking sweaty
just about when i was done
maybe we'll forget to hurry
nevermind it we'll have our fun
and we'll wait
