

# HEAT (feat. Sam Nelson Harris)

## The Knocks

[Verse 1]

I'm so tired of getting wasted every night  
I'm tired of sleeping next to your replacement every night  
I know you found someone who's better suited to your needs[Pre-Chorus]

But if you need someone to bring that fire  
Bring you that good good, that sweet desire  
Know I hate how we left it, but you can't deny  
When your body's right next to me

[Chorus]

Feel my heat  
Bring your body right next to me  
Feel my heat

Yeah, your fire bring me to my knees[Verse 2]  
You're tired of my reckless behavior, but it's not fair  
You always call me when you're looking for some trouble and I'll be there[Pre-Chorus]

Cause' when you need someone to bring that fire  
Bring you that good good, that sweet desire  
Know I hate how we left it, but you can't deny  
When your body's right next to me[Chorus]

Feel my heat  
Bring your body right next to me  
Feel my heat

Yeah, your fire bring me to my knees[Bridge]

I feel good, I feel great  
I feel good, I feel good  
I feel good, I feel great  
I feel good, I feel good  
I feel good, I feel great

I feel good, I feel great[Pre-Chorus]

But if you need someone to bring that fire  
Bring you that good good, that sweet desire  
Know I hate how we left it, but you can't deny  
When your body's right next to me[Chorus]

Feel my heat  
Bring your body right next to me  
Feel my heat

Yeah, your fire bring me to my knees[Outro]  
Feel good, I feel great
