

# Two Tears

## Fireball Ministry

With a pistol in both hands  
He walked in like he had a plan  
Had the eyes of a dead man  
Never seen such a blood fan  
Bodies twitching while ears ring  
Biding time while my heart stings  
Got twelve souls, sure of nothing  
Wait and see what hell brings  
Two tears in a bucket  
The river runs red  
Two tears in a bucket  
Always fear for the undead  
Always fear what I said
