

# Control (Tweaker Mix)

## The Birthday Massacre

Err on the side of caution  
They're taking in the new girls  
(Two faced, too poised to shed a tear)  
No memory to speak of  
(Passed in the night, we didn't hear)  
The fading breath of your love We lose control of the moment  
Another trend goes out of season  
A new love forever  
Look the other way  
You see through me  
A new trend, indifference You are a child of privilege  
Your reputation leads you  
(All traits of life will disappear)  
You're falling into season  
(Their every word is insincere)  
There is no time for reason We lose control of the moment  
Another trend goes out of season  
A new love forever  
Look the other way  
You see through me  
A new trend, indifference Remember our childhood  
It's not quite the same  
A pale hue of new blood  
They all know your name We lose control of the moment  
Another trend goes out of season  
A new love forever  
Look the other way  
You see through me  
A new trend, indifference
