

Premonition

Jack Wagner

I look to my left
But you were standing on my right
That's when I knew
This wasn't just another night
You took a look at me
And started the mystery
Now you're on my mind
I think you've been there all the time
I'm gettin a premonition
The writing's on the wall
Intuition, I can hear the call
I'm gettin a premonition
It's got me so confused
Innervision leading me to you
I can't get to sleep
It doesn't matter what I do
Walking the streets
With every step I think of you
I know it sounds insane
But I think my life has changed
There's nothing I can do
I know I've got to see it through
I'm gettin a premonition
The writing's on the wall
Intuition, I can hear the call
I'm gettin a premonition
It's got me so confused
Innervision leading me to you
You took a look at me
And started the mystery
Now your on my mind
I think you've been there all the time
I'm gettin a premonition
The writing's on the wall
Intuition, I can hear the call
I'm gettin a premonition
It's got me so confused
Innervision leading me to you
I'm gettin a premonition

It's got me so confused
Innervision leading me to you
I'm gettin a premonition
It's got me so confused
Innervision leading me to you
