

Moving backwards (feat. Kate Louise Smith)

[ATB](#)

[**feat. Kate Louise Smith**]

My head is full of empty phrases and the noise I've never heard
Is it that I'm feeling sorry for the things I do regret
You said we'd better be moving slowly and it's time to take a rest
Just be aware of who we are and turn back time instead
We're moving backwards into a life we had before
Appreciate forever more
We're moving backwards and lead a life we had before
And know the simple things that we used to ignore
Moving backwards, moving backwards ... moving
In the wake of indecision reality can be unkind
Some they lead and some they follow or is it blind leading blind
So, we'd better be looking backwards and it's time to take a view
At the promise of tomorrow we can start anew
We're moving backwards into a life we had before
Appreciate forever more
We're moving backwards and lead a life we had before
And know the simple things that we used to ignore
Moving backwards, moving backwards ... moving
