Out From Under

Red

Knocked off my feet, the earth moved beneath
The edge of a dream and a nightmare
I opened the door, fell through the floor
I slipped through the cracks into nowhere
So tell me where were you?
When everything fell down like thunder
I begged you to pull me through
I couldn't get out from under
I took the fall, I took it all
My smile was just an illusion
Cut me I bleed, reveal me I need
I finally broke in the pressure
So tell me where were you?
When everything fell down like thunder
I begged you to pull me through
I couldn't get out from under

Left me for dead inside my head
Couldn't you see that I was still breathing?
Screaming, I reached for you
I couldn't get out from under
Where were you? I reached for you
The pressure pulled me down
Where were you? I reached for you
The pressure pulled me
Where were you?
The pressure pulled me
Where were you?
The pressure pulled me
Where were you? I reached for you
Pressure, pressure, pressure
