Once In A While

Kasey Chambers

If I wasn't all you wanted
If I wasn't even close
Only hope that I made you smile
Maybe more then once in a whileIf you never felt the blessing
If you only made it through
I only hope that I made you smile
Maybe more then once in a whileIf we sleep right through the ending
If we slowly fade away
I'll only hope I went that extra mile
Maybe more then once in a whileI only hope that i made you smile
maybe more thne once in a while
maybe more then once in a while
