

Brain Dead

Eiterherd

Turn me off, pull the plug
Leave me with some dignity
I am not what I was
And I don't need the sympathy
 Alive inside me
 No one can hear me
 Brain dead, I'm not
 Brain dead, sentenced
 Forgot
 Paralyzed in my shell
 Enduring every endless day
 Immobilized on my back
 Aware of everything they say
 Extricate me
 Eliminate me
 Brain dead, I'm not
 Brain dead, drip fed
 Forgot
 I can't blink my eye
 Or cry or even speak
 They crowd around my bed
 Condescending words are said
 Thinking I don't hear or know
 What is going on, hello
 Can't you suckers hear my cries
 From inside I'm still alive
 It's my decision to abort
 Turn off the goddamn life support
 Let me pass from this world
 Slowly fade away in peace
 Comprehending
 Unrelenting
 Brain dead, I'm not
 Brain dead, sentenced
 Forgot
 Brain dead, I'm not
 Brain dead, drip fed
 Forgot
