

# Sweetest Girl

## Wyclef Jean ft. Akon, Lil' Wayne & N

When a good girl gone, she gone forever  
See yu cant make it rain without the stormy weather  
And its funny when it rains, when it rains it pours  
Would of never happened if I stayed indoors  
Would of never happened if I never traded in my textbooks  
Cuz now Im hot but all the credits say its just looks  
They say Im too sexy and say Im sellin out  
Cuz when I come out niggas get they umbrellas out  
I take the L cuz I dont want to see my brother lose  
Been through it all but I could never fill my mothers shoes  
And nahh I dont want no hand out, I just want my ad lips to get paned out

And I just wanna tell the girls that could feel me, That I just play the cards the nigga dealt me  
See everything I been through could of killed me  
That why I really aint nothin, yu could tell me  
Yu see I live for the bill, I die for the bill  
And I still make sure I read the bi to the bill  
And every time I write Im persist in my skill  
Its more outta life then just ice in ya grill  
Fuck me lay me, Fuck yu pay me, This is what yu made me  
Said yu want to drape me, turned around and raped me, Now yu aint mistake me  
Where my girls at, where my girls at.  
If they frontin then tell them where my money at. (Repeat)
