

# Rest in Peace

## Buffy the Vampire Slayer

I died so many years ago  
You can make me feel like it isn't so  
    Why you come to be with me  
I think I finally know  
    You're scared, ashamed of what you feel  
    And you can't tell the ones you love  
    You know they couldn't deal  
    Whisper in a dead man's ear  
It doesn't make it real, that's great  
    Well, I don't wanna play  
    'Cause being with you touches me  
    More than I can say  
    And since I'm only dead to you  
    I'm saying stay away  
And let me rest in peace  
    Let me rest in peace  
    Let me get some sleep  
    Let me take my love and bury it  
    In a hole six foot deep  
    I can lay my body down  
    But I can't find my sweet release  
So let me rest in peace  
    You know you got a willing slave  
    And you just love to play the thought  
    That you might misbehave  
    But till you do I'm telling you  
    Stop visiting my grave  
And let me rest in peace  
    I know I should go but I follow you like a man possessed  
    There's a traitor here beneath my breast  
    And it hurts me more than you've ever guessed  
    If my heart could beat, it would break my chest  
    But I can see you're unimpressed  
    So leave me be  
    And let me rest in peace  
    Let me get some sleep  
    Let me take my love and bury it  
    In a hole six foot deep  
    I can lay my body down  
    But I can't find my sweet release  
Let me rest in peace  
    Why won't you  
    Let me rest in peace?
