

Feeling a Moment

Feeder

Feeling the moment slip away
Losing direction you're losing faith
You're wishing for someone, feeling it all begin to slide
Am I just like you?
All the things you do, can't help myself How do you feel when there's no sun
And how will you be when rain clouds
Come and pull you down again
How do you feel when there's no one
Am I just like you? Turning to face what you've become
Bury the ashes of someone, broken by the strain
Trying to fill that space inside
Am I just like you?
All the things you do, can't help myself How do you feel when there's no sun
And how will you be when rain clouds
Come and pull you down again
How do you feel when there's no one
Am I just like you? All the things you do Don't ever feel, that you're alone
I'll never let you down, I'll never leave you dry
Don't fall apart, don't let it go
Carry the notion, carry the notion back to me Feeling the moment slip away
Feeling the moment slip away 'Cause I'm just like you How do you feel when there's no sun
And how will you be when rain clouds
Come and pull you down again
How do you feel when there's no one Am I just like you?
