Feeling a Moment

Feeder

Feeling the moment slip away Losing direction you're losing faith You're wishing for someone, feeling it all begin to slide Am I just like you? All the things you do, can't help myselfHow do you feel when there's no sun And how will you be when rain clouds Come and pull you down again How do you feel when there's no one Am I just like you?Turning to face what you've become Bury the ashes of someone, broken by the strain Trying to fill that space inside Am I just like you? All the things you do, can't help myselfHow do you feel when there's no sun And how will you be when rain clouds Come and pull you down again How do you feel when there's no one Am I just like you? All the things you doDon't ever feel, that you're alone I'll never let you down, I'll never leave you dry Don't fall apart, don't let it go Carry the notion, carry the notion back to meFeeling the moment slip away Feeling the moment slip away'Cause I'm just like youHow do you feel when there's no sun And how will you be when rain clouds Come and pull you down again How do you feel when there's no oneAm I just like you?
