

# Heaven in Your Eyes

## Will Downing

Touch me  
embrace me with your, your smile  
forgive me if sit quietly  
and just stare at you for awhile Tenderly  
is how you touch my, my hand  
girl you make my sun rise  
when I'm with you I see heaven  
heaven in your eyes  
brighter than the stars  
that shine above  
in the heavenly skies  
I look at you  
through the windows to your, your soul  
I'm captured by the beauty inside  
lights my way to heaven's doorooo aahhh  
Baby come to me  
(come to me, come to me)  
let me hold you in my, my arms  
I just love how loving you feels baby  
So let me love on you all night long  
Whisper my name and I'll come  
running, come running  
take my hand and we'll ascend  
higher (higher), and higher, (higher)  
Oh and I want to make love together  
share life forever  
(with you) With you (with you) With you  
(with you) With you (with you) with you  
This feeling is kinda hard to define  
it's ah, It's love  
It's just no definition for it  
folks have been trying to the words  
to define the word love forever  
but it means something different to everyone  
for me it's comfort  
it's a warm feeling  
kinda feels like ah, like homeoooooooo  
I see heaven  
(heaven in, heaven in, heaven in your eyes)

I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
I see heaven  
(heaven in, heaven in, heaven in your eyes)  
My o my  
(heaven in, heaven in, heaven in your eyes)  
Heaven  
(heaven in, heaven in, heaven in your eyes)
