

You Changed (feat. Beyoncé & Michelle)

Kelly Rowland

Advisory - the following lyrics contain explicit language:

Ladies, y'all wanna do it again?
Bey
Go on Michelle I really hate to see that look
Huh, on your face
You lookin' like someone came and rained on your parade,
And I know it kills to feel those tears,
In your eyes
But I guess your conscience finally caught up with your lies But when my tears dropped,
Where the hell were you?
But it's okay, boy I've changed,
And I ain't been there waiting
So I won't pre-tend, to feel bad for you
'Cause since you left, I ain't cried since
And boy I like it that way I can say I'm done in a million ways
But let's not wait around the bush, let's cut to the the chase
When you change, I change, but it's too late
Now I'm so through, too cool, on ya
And if our love was a game, you just lost
When you change, I change, but it's too late I know you hate to see this look
On my face
I'm sure that you can see real clear a little lion
Goes a long way
And if you think I'll waste more tears,
Boy you crazy
And baby you should get yo'self admit it
Don't delay But you let the ball drop,
Too bad for you
But it's okay, boy I'm straight,
My whole life's amazing
So I won't pre-tend, to feel bad for you
'Cause since you left, I ain't cried since
And boy I like it that way I can say I'm done in a million ways,

But let's not wait around the bush, let's cut to the the chase
When you change, I change, but it's too late
Now I'm so through, too cool, on ya
And if our love was a game, you just lost
When you change, I change, but it's too late Now you wanna claim you got a clue (Oh no)
Boy what you expect for me to do?
You claim you wanna have a life, or two
But you can save your sorries, and your "I love you" too I can say I'm done in a million ways,
But let's not wait around the bush, let's cut to the the chase
When you change, I change, but it's too late
Now I'm so through, too cool, on ya
And if our love was a game, you just lost
When you change, I change, but it's too late Change just in time
Just in time for me to change my mind
And it's too late,
Boy I changed,
It's too bad for ya
Oh oh boy I changed my mind, I don't want ya
No no boy
('cause see) when you change, I change, you changed
But it's too late
It's too late Sorry
