

Caretaker (feat. SZA)

D.R.A.M.

I take care of you, I will
even if I got a man now, I heard you a fan now
Take care of me, you could still
even if i got a man now
at least you know where I stand now

...

I ain't been there,
tell me everything now, I wanna hear
I'll take care of you, I will
even if I got a man now,
