

Midnight Train

Union J

[Josh]

I would run one million miles to the moon

If I knew that you'd be there too

Will you be there too?[JJ]

I would cross oceans and fields for your touch

The sound of your voice ain't enough

It's never enough[Jaymi]

I'm running out the door into the dark

Guided by the beating of your heart

Stay right where you are tonight[All]

You have never felt so far away

If I don't have you now I'll go insane

Stay right where you are

I'm on a midnight train[George]

I will crawl, swim through the desert alone

No footprints to lead me back home

Never going back home[Josh]

Your body is a river, yeah

It's twisting and it's turning

I miss you and I miss the way

You let me watch it burn, yeah[Josh does the melody with harmonies of Jaymi]

Your body is a river, yeah

It's twisting and it's turning

I miss you, yeah, I miss you

So I'm running running running[All]

I'm running out the door into the dark

Guided by the beating of your heart

Stay right where you are tonight

You have never felt so far away

If I don't have you now I'll go insane

Stay right where you are

I'm on a midnight train[Josh]

Midnight train[Jaymi]

I would cross oceans and fields for your touch

The sound of your voice ain't enough

Nothing is ever enough[Josh]

I'm running out the door into the dark

Guided by the beating of your heart

Stay right where you are tonight[All]

You have never felt so far away
If I don't have you now I'll go insane
Stay right where you are
I'm on a midnight train
I'm on a midnight train
I'm on a midnight train[Josh]
