

Ride With Yourself

Rhino Bucket

Queen of denial, sex plain Jane
I'm a little bit crazy but you're insane
Two lane highway, take the middle lane
Forever in a hurry, always being late
Walk like a lady, talking like a man
You say that you're a princess but they call you a madame
Take a long, long ride with yourself
Do you like the company?
Take a long, long ride with yourself
Do you like what you see?
Teasin' old men, pleasin' little boys
You say that you're discrete
But you're makin' too much noise
Run up a tab, pullin' down your top
You say it's time to party
But you don't know when to stop
Take a long, long ride with yourself
Do you like the company?
Take a long, long ride with yourself
Do you like what you see?
Take a long, long ride with yourself
Take a long, long ride, take a long, long ride
Take a long, long ride with yourself
Do you like the company?
Take a long, long ride with yourself
Do you like what you see?
Take a long, long ride with yourself
Take a long, long ride, take a long, long ride
Take a long, long ride
(Ride with yourself)
Take a long, long ride
(Ride with yourself)
Do you like what you see?
(Ride with yourself)
Take a long ride
Take a long, long ride
(Ride with yourself)
Let's see how you ride
(Ride with yourself)
Take a long ride
(Ride with yourself)
Well you can ride on this
