Automatic

Lagwagon

Get up, smile, find a need,
wash your hair, bleach your teeth
Develop habit,
AutomaticCompromise, build a bridge,
Sacrifice, sacrilege
Sell yourself,
AutomaticNobody out there knows
None of them have intent
Pretension and purpose
Fashioned in plastic heads
Everyone drives all day
None of them have a goal
Everyone lost their way
All of them play the gameSet a goal
Make it happen
Imagine love
Fake a passion
Change your name
Stay in fashion
Make a deal
Make it happen
Compromise, build a bridge
Sacrifice, sacrilegeSame cars
Same clothes
Same desires
Same woes
Lose it all
AutomaticNobody out there feels
None of them sees the end
Pretension and purpose
Fashioning in plastic heads
Everyone drives all day
Searching their empty hearts
Everyone's lost their way
All of us fall apartAutomatic
Automatic
