

# Lost At Sea (feat. Ryan Tedder of One Republic)

[Zedd](#)

I was a boat drifting out into sea.  
I had nothing but pieces and thoughts of a hope that you would see me.  
I was a stone thrown away from land.  
With thousands and thousands of miles away from reaching your hand. The waves have crashed upon,  
The logs that you were trying to walk along.  
And in my head I heard them play a song for you and me. The waves have crashed upon  
The logs that you were trying to step along.  
And in my head I heard them play a song for you and me. Let's get lost at sea.  
Where they will never find us  
The stars at night to guide us. Lost at sea  
Where they will never find us  
The stars at night to guide us. I was a boat drifting out into sea  
I had nothing but pieces and thoughts of a hope that you would see me.  
I was a stone thrown away from land  
With thousands and thousands of miles away  
From reaching your hand. The waves have crashed upon,  
The logs that you were trying to walk along  
And in my head I heard them play a song for you and me. The waves have crashed upon  
The logs that you were trying to step along  
And in my head I heard them play a song for you and me. Let's get lost at sea  
Where they will never find us  
The stars at night to guide us. Lost at sea  
Where they will never find us  
The stars at night to guide us
