

I'll Be Home for Christmas

Boney M.

I'll be home for Christmas
I'll be home just in time
I can't wait 'till I see you
Feel your heart next to mine We'll be together again like before
You and I all alone
I'll hold you close when I walk through that door
I'll be home for Christmas We can stay by the fire
With the lights turned down low
We can watch happy children
As they play in the snow Though I may be far away from you now
Darling I promise this
It won't be long 'till we're sharing a kiss
I'll be home for Christmas
