

# After The Hurricane

Jazmine Sullivan

I can see it in his eyes, oh, I  
And he's been avoiding me all day  
It seems as though he wants to cry, oh, I  
And he's been acting really strange He starts talkin' and I tuned him out, yeah  
It doesn't matter anyway  
Cause I knew as soon as I saw clouds, yeah  
I knew what he was gonna say Cause when the tears start flowin' and the wind starts blowin'  
That's how you know it's comin' for you  
When the rain start fallin' and you feel the pain comin'  
That's how you know it's comin' for you Just like a hurricane, just like a hurricane  
The way you break everything that comes in your way  
Just like a hurricane, just like a hurricane  
The way you broke my heart and now, I'm left with the pain  
After the hurricane Baby, I'm not surprised, oh I  
You said just what I thought you would  
And it hurts, I ain't gon' lie, oh I  
But it doesn't hurt as bad as it could Cause when the tears start flowin' and the wind starts blowin'  
That's how you know it's comin' for you  
When the rain start fallin' and you feel the pain comin'  
That's how you know it's comin' for you Like a hurricane, like a hurricane  
The way you break everything that comes in your way  
Just like a hurricane, just like a hurricane  
The way you broke my heart and now I'm left with the pain  
After the hurricane Now my life is shattered  
And I'm left to pick up the pieces  
And find a new beginning  
And put it back together again  
After the hurricane, the hurricane Just like a hurricane, just like a hurricane  
The way you break everything that comes in your way  
Just like a hurricane, just like a hurricane  
The way you broke my heart and now I'm left with the pain  
After the hurricane Just like a hurricane, just like a hurricane  
The way you break everything that comes in your way  
Just like a hurricane, just like a hurricane  
The way you broke my heart and now, I'm left with the pain  
After the hurricane After the hurricane
