Black Hole

Quiet One

Revolution,
Black hole
Itâ€™s like the country I fight for canâ€™t think on itâ€™s own,

War on war, on repeat,
Give me reasons to hate my enemy,
Cusâ€™ I can see him over there,
He just looks like me with a different flag.
War on war, on repeat,
Give me reasons to hate my enemy,

I,
I will not shoot,
Call me a coward, but who is a coward,
Look,
He,
Heâ€™s just a man, stood petrified by the graves of his fallen man

Life and deathâ€™s a piece a string,
Like an end of a rope, a gun helps meet,
War on war, on repeat
Give me reasons to hate my enemy,
Oh this was an oil drum,
It slowly keeps filling,
WIth soldiers blood,
War on war, on repeat
Give me reasons to hate my enemy,

I,
I will not shoot,
Call me a coward, again who is a coward,
Look,
He,
Heâ€™s just a man, stood petrified by the graves of his fallen man

Revolution,
Blackhole,
Itâ€™s like the country I fight for,

Has left me alone
