

# Harder Than You Know

## Escape The Fate

You said this could only get better.  
There's no rush, 'cause we have each other.  
You said this would last forever,  
But now i doubt if i was your only lover.  
Are we just lost in time?  
I wonder if your love's the same.  
'Cause I'm not over you  
Baby, don't talk to me.  
I'm trying to let go  
Not loving you is harder then you know.  
'Cause girl you're driving me so crazy  
How can i miss you if you never would stay?  
If you need time i guess I'll go away.  
Inside me now there's only heartache and pain.  
So where's the fire?  
You've become the rain.  
Are we just lost in time?  
I wonder if your love's the same  
'cause I'm not over you.  
Baby, don't talk to me  
I'm trying to let go  
Not loving you is harder then you know,  
( 'cause girl your driving me so crazy)  
And if you don't want me then  
i guess I'll have to go..  
Not loving you is harder then you know.

yeah  
So I'll make the call,  
and I'll leave today  
I'm gonna miss you 'cause i love you baby  
Yeah, I'll make the call  
I'm leaving today  
Leaving always drives me crazy. [x2]  
Baby, don't talk to me  
I'm trying to let go.  
Not loving you is harder  
Then you know,  
yeah

Baby, don't talk to me  
I'm trying to let go (I'm trying to let go)  
Not loving you is harder  
Then you know,  
( 'cause girl your driving me so crazy)  
and if you don't want me then  
i guess I'll hav'ta go! (I guess I'll hav'ta go)  
not loving you is harder then you know  
(girl your driving me so crazy)  
Baby, don't talk to me  
I'm trying to let go.  
Not loving you is harder, then you know,  
girl your driving me so crazy.
