New Memphis Bleek

Understand what this shit right here is about

Understand what this shit right here is about

From Marcy

Understand me, yeah, yo This for the streets and you know I ain't goin' nowhere

Get your guns out who want it with Memphis yeah

I'ma make you understand why I do what I do

Why I keep my hat tilt, and my doorag too I'm a thug, my heart pump gangsta shit

I fuck with her, she my gangsta bitch

My wrists don't freeze, glocks'll squeeze

Whole click got a watch, droppin' keys And I want the block back

You niggas had your run, we'll stop that, you better watch this cat

I done came up, and fuck bringin' your name up

It's beef I'ma see you, and bang 'til you hang up Your life on line, but here's the truth

You ain't hype to die, but you hype to shoot

You let the Henny talk for you, you really a bitch

Why the D's know your name 'cuz you really a snitch I got my mind right, money right, ready for war

'Memph Bleek Is', yeah, I told you before

I got the streets locked, Bleek hot as before

You know the game and the name now I'm ready to war I got my mind right, money right, ready for war

'Memph Bleek Is', yeah, I told you before

I got the streets locked, Bleek hot as before

You know the game and the name now I'm ready to war 'Memph Bleek Is', back for the streets

Knowin' that 'Coming of Age', controllin' the creep

Put in work on these streets, bustin' my heat

Dodgin' the D's, you know it's a margin between me And only a few fit in, your lifestyle's written

So who you supposed to be, play your position

I used to write to the wall, about the Porsche

Now I write for the house and the rob report I used to think, Bleek and the baddest bitch

Now the, baddest bitch is a average bitch

All I need her is for head and to stash my lead

Push my V, take this key to Hempstead And you run through backwoods, I twist backwoods

And greenery, sha shoo with heavy machinery

You know exactly who these streets belong to

B.I.G. done warned you and I'ma run up on you, nigga I got my mind right, money right, ready for war

'Memph Bleek Is', yeah, I told you before

I got the streets locked, Bleek hot as before

You know the game and the name now I'm ready to war I got my mind right, money right, ready for war

'Memph Bleek Is', yeah, I told you before  
I got the streets locked, Bleek hot as before  
You know the game and the name now I'm ready to war Ayo I think I'm the best, from coast to coast  
I'm above rap cats, they know what I gross  
What they make from they album, I do at my show  
Your advance is what, I spent that when I was broke I ship gold, you better watch me now  
Many middle in this game, at the top I'm found  
I wanted these cats, reppin' my hood, then go back  
Be on the same old bench, with the same old rap I'm from Marcy, you see them cars we buy  
Seats up, smoke blunts, with my concubine  
Twin, P-89 for you two fake faggits  
Tucked under the lining of the Roc-A-Wear fabric Fuck y'all, you know the squad be 'bout  
Anything that involve dollar signs and accounts  
It's the M dot E M P H man stop  
I bought C a watch, next day I bought a house I got my mind right, money right, ready for war  
'Memph Bleek Is', yeah, I told you before  
I got the streets locked, Bleek hot as before  
You know the game and the name now I'm ready to war I got my mind right, money right, ready for war  
'Memph Bleek Is', yeah, I told you before  
I got the streets locked, Bleek hot as before  
You know the game and the name now I'm ready to war
