Brick Walls

Son Volt

There's more to this than waiting
In line for you while searching for understanding
In this world of hindsight and heartacheYour heart is your fortress
Ramparts and shackled doors
There's more brick walls than bridges on the way to your heartOnly gamblers cheatin' the rules carry on this way
Devoid of sinners and a win, cryin' for the light of dayLove's a spanish word to be sung
Ain't it hard when love is on the run
There's more brick walls than bridges on the way to your heartAin't it hard with conventional ways
Common karma puts a love out of place
There's more brick walls than bridges on the way to your heartLove's a spanish word to be sung
Ain't it hard when love is on the run
There's more brick walls than bridges on the way to your heartThere's more brick walls than bridges on the way to your heart
