Infinity

Niykee Heaton

I wanna walk to the edge of the earth, scream your name,
till the fire is gone, from my lungs
I wanna drink till I don't feel the urge,
to run back to you and lay it down, make me yoursI can still feel your breath all over me, filling me
I could fuck with you for eternity, infinity
Turn all the lights on. I could be your lover,
I could be the one for you, and no one else at allSo how long will it be till you see how bad I need this
I'll give you all, if you please, never leave I need to keep it
I could fuck with you for infinityI wish I never touched no one before
I envy the hearts, that you've adored, who you've loved
Don't wanna fight so let's settle the score.
Tear me apart, but don't let goI can still feel your breath all over me, filling me
I could fuck with you for eternity, infinity
Turn all the lights on. I could be your lover,
I could be the one for you, and no one else at allSo how long will it be till you see how bad I need this
I'll give you all, if you please, never leave I need to keep it
I could fuck with you for infinityTell me that I'm crazy, tell me I'm wrong
I will be your baby, even when you're gone
Cuz I don't want a day that I don't feel you at all
I'll be standing here when you callI can still feel your breath all over me, filling me
I could fuck with you for eternity, infinity
Turn all the lights on. I could be your lover,
I could be the one for you, and no one else at allSo how long will it be till you see how bad I need this
I'll give you all, if you please, never leave I need to keep it
I could fuck with you for infinity
