

# Infinity

Niykee Heaton

I wanna walk to the edge of the earth, scream your name,  
till the fire is gone, from my lungs  
I wanna drink till I don't feel the urge,  
to run back to you and lay it down, make me yours  
I can still feel your breath all over me, filling me  
I could fuck with you for eternity, infinity  
Turn all the lights on. I could be your lover,  
I could be the one for you, and no one else at all  
So how long will it be till you see how bad I need this  
I'll give you all, if you please, never leave I need to keep it  
I could fuck with you for infinity  
I wish I never touched no one before  
I envy the hearts, that you've adored, who you've loved  
Don't wanna fight so let's settle the score.  
Tear me apart, but don't let go  
I can still feel your breath all over me, filling me  
I could fuck with you for eternity, infinity  
Turn all the lights on. I could be your lover,  
I could be the one for you, and no one else at all  
So how long will it be till you see how bad I need this  
I'll give you all, if you please, never leave I need to keep it  
I could fuck with you for infinity  
Tell me that I'm crazy, tell me I'm wrong  
I will be your baby, even when you're gone  
Cuz I don't want a day that I don't feel you at all  
I'll be standing here when you call  
I can still feel your breath all over me, filling me  
I could fuck with you for eternity, infinity  
Turn all the lights on. I could be your lover,  
I could be the one for you, and no one else at all  
So how long will it be till you see how bad I need this  
I'll give you all, if you please, never leave I need to keep it  
I could fuck with you for infinity
