Bigot Sunshine

Tonic

Big wings and small waters Carry me back home Small minds Stand protected under bigot sunshineI'm not alone But I'm far from home You can never go home again You can never go home againMain street Standing naked on the fourth of July Downstream All the maniacs on my face they spyI'm not alone But I'm far from home You can never go home again You can never go home again You can never act the way that you did back thenI'm not alone But I'm far from home You can never go home again You can never go home again You can never act the way that you did back then You can never act the way that you did back then When you were just a little boy
