I Have a Dream

Westlife

I have a dream, a song to sing To help me cope with anything If you see the wonder of a fairy tale You can take the future even if you faill believe in angels Something good in everything I see I believe in angels When I know the time is right for meI'll cross the stream, I have a dreamI have a dream, a fantasy To help me through reality And my destination makes it worth the while Pushing through the darkness still another mileI believe in angels Something good in everything I see I believe in angels When I know the time is right for meI'll cross the stream, I have a dream I'll cross the stream, I have a dreamI have a dream, a song to sing To help me cope with anything If you see the wonder of a fairy tale You can take the future even if you faill believe in angels Something good in everything I see I believe in angels When I know the time is right for meI'll cross the stream, I have a dream I'll cross the stream, I have a dream
