

El Mark

Glassjaw

Who the fuck wants to live forever? Remorse when you stab me in the back with your dream
To keep this body sober, I show my life for all to see Do you see me? Do you see me? In a battle inside of my
soul

Always better a fashion show than no show at all

Driving me crazy, you're driving me, you're driving me

You're driving me crazy, your driving me insane With you, would it be you? And when the runway rovers
Grease back their manes, for our own sake Do you see me? Do you see me? In the battle inside of my soul

Always better a fashion show than no show at all

Driving me crazy, you're driving me, you're driving me

You're driving me crazy, you're driving me until Blue as I write this, you're marked, blue as I write this once
more

Be you, would it be you? Be you, would it be you? Napalm the children, napalm the children

You've got to learn, you've got to learn

You won't believe what your not told

You've got to feel, what you steal Driving me crazy, you're driving me, you're driving me

You're driving me crazy, you're driving me into Blue as I write this for you marked, blue as I write this once
more

Be you, would it be you? Be you, would it be you?
