

Meet The Foetus / Oh The Joy

Brody Dalle

You have sailed through the eye of my needle
A perfect parasite burgeoning Eden
You and I, in DNA, you'll never get away
Shot through the heart, baby
I'm gonna love you forever
When they take me away
You know I'll love you forever
I'll come down from skies above stars
I'll watch over you
Shot through the heart, baby
I'll always love you forever
Every night I burn holes in your eyes
celestial oracle in disguise
Organelles and silk blood spells
It's time to meet the foetus
Shot through the heart, baby
I'm gonna love you forever
When they take me away
You know I'll love you forever
I'll come down from skies above stars
I'll watch over you
Shot through the heart, baby
I'll always love you forever
Oh, oh oh oh
Oh oh oh, oh oh Oh, oh oh oh
Oh oh oh, oh oh Oh, oh oh oh
Oh oh oh, oh oh Oh, oh oh oh
Oh oh oh, oh oh Oh, oh oh oh
Oh oh oh, oh oh Oh, oh the joy
Oh oh oh, oh the joy Oh, oh the joy
Oh oh oh, oh the joy Oh, oh the joy
Oh oh oh, oh the joy Oh, oh the joy
Oh oh oh, oh the joy...[Repeat to fade]
