Brian & Tim's Excellent Adventure

9 o'clock Tuesday night and there's nothing to do  
sitting home watching t.v. with nothing to do  
the phone rings but who the hell could it be  
i think that Brian's gonna get me in his V.W.B.  
when suddenly there's a knock at my door  
you know i'll grab my board, i won't need nothing more  
we're not looking for girls, we're not trying to score  
we're just looking for the spot that's gonna leave us in awe  
speed bombing, our fun is insured  
skate bombing, we're never bored  
good times, at home and abroad  
Brian and Tim's own adventure

Go to honey well on the banks we will carve  
seems like for the perfect spot we're always gonna starve  
searching all night till our legs ache and swell  
then we'll hop back in the bus and go to "Taco Bell"
