

Back to You

Trevor Hall

hey little girl why can't you sleep?
split in two hemispheres, that's where we be yeah
you're with the moon and I'm with the sun
but that is the magic, the balance of our love
but there ain't no distance (awh ye) ain't no resistance yeah
that's what you say oh calling all that woo way oh
but even though that's what we know,
darling it ain't easy
so I'll come running girl, if you need me
if you call my name, I'll be on my way
back to you
woah, if you call my name, I'll be on my way
back to you oh
woah I tell you truly (heh)
with you by my side girl, naked for me, yeah
like ocean and water, like fire and heat
oh you can't separate it, that's what you are to me yeah
one in the morning,
one in the evening.
one in the waking,
one in the dreaming, yeah.
But the opposites make it polar,
two hearts and one soul.
Rocking and we roll, and we roll
oh darlin'
If you call my name, I'll be on my way
back to you
oh if you call my name, I'll be on my way
back to you oh
over mountains, over water
all across this great big earth.
I can feel it, can you feel it? yeah
This love always will come first, darlin',
I'm coming back you
back to you I'm coming back you (yeah)
back to you oh oh back to you (yeah)
back to you
back to you you
comin' back you

yeah
back to you oh oh
back to you (oh)
back to you
back to you, back to you yeah
back to you
I'm coming back you (yeah)
back to you, oh.
