She Get Me High

Luke Bryan

Find me a place in the sand
Clean these old shades off
Damn, y'all don't understand
All she wants to do is danceShe get me high, she get me low
She got the key to this old bronco
In her bare feet, or in her high heels
No matter how she moving, it's all the same thrill
On top of my Yeti, on an old boat dock
Standing in the river on an old flint rock
Clouds roll by
She get me highDon't nobody block my view
Hell you can find a spot and watch too
Watch how she makes this beach
Light it up like the sky on New Year's Eve
Love it when she's locked on meShe get me high, she get me low
She got the key to this old bronco
In her bare feet, or in her high heels
No matter how she moving, it's all the same thrill
On top of my Yeti, on an old boat dock
Standing in the river on an old flint rock
Watch me fly
She get me highCome on!She said, "Boy, it's time to take me home"
Don't even grab your stuff
Just lay me on down beneath full and moonshine
You 'bout to be all mineShe get me high, she get me low
She got the key to this old bronco
In her bare feet, or in her high heels
No matter how she moving, it's all the same thrill
On top of my Yeti, on an old boat dock
Standing in the river on an old flint rock
Watch me fly
She get me highClouds roll by
She get me high
Hey!
