

Carbon Monoxide

Cake

Too much carbon monoxide for me to bare
Too much carbon monoxide for me to bare
Where's the air?
Where's the air?
Where's the air?
Where's the air?Car after bus after car after truck
After this my lungs will be so fucked up
I wish I was in that Mercedes Benz
Sealed away from my sins
I'd have the music high going ninety fiveToo much
(Too much)
Too much
(Too much)
Too much
(Too much)Too much carbon monoxide for me to bare
Too much carbon monoxide for me to bare
Don't you care?
Don't you care?
Don't you care?
(Don't you?)
Don't you care?Car after bus after car after truck
After this my lungs will be so fucked up
I wish I wasn't just a pedestrian breathing all this in
I look up at that grey sky
It makes me want toToo much
(Too much)
Too much
(Too much)
Too much
(Too much)Too much carbon monoxide for me to bare
