

# Little Wonder

David Bowie

Stinking weather, fat shaky hands  
Dopey morning doc, grumpy gnomes  
Little wonder then, little wonder  
You little wonder, little wonder youBig screen dolls, tits and explosions  
Sleepy time, bashful but nude  
Little wonder then, little wonder  
You little wonder, little wonder you  
I getting itEnter galactic, see me to be you  
It's all in the tablets, sneezy Bhutan  
Little wonder then, little wonder  
You little wonder, little wonder youMars happy nation, sit on my karma  
Dame meditation, take me away  
Little wonder then, little wonder  
You little wonder, little wonder youSending me so far away, so far away  
So far away, so far away, so far away, so far away  
So far away, so far away, so far away, so far away  
So far away, so so far away, so far away, so far away  
So far away, so so far awayLittle wonder  
You little wonder, you  
Little wonder  
You little wonder, youSending me so far away, so far away  
So far away, so far away, so far away, so far away  
So far away, so far away, so far away, so far away  
So far away, so so far away, so far away, so far away  
So far away, so so far awayLittle wonder, you little wonder, you  
Little wonder, you little wonder, you  
You little wonder, little wonder you  
Little wonder then, little wonder  
You little wonder, little wonder you
