

Lie Love Live Love

AWOLNATION

I've been waiting here for hours
Yeah I really love you so
This has turned into disaster lately
We're the only ones who know Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor Lie love, live love, lie love thy neighbor I've been wasting time for hours
Yeah this weight is all I know
This has turned into disaster lately
We're the only ones who know Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor
Lie love, live love, lie love thy neighbor Lie love, live love, lie love thy neighbor Cause I keep waiting on the
eastern flow
Blow baby flow, flow baby blow
And I keep waiting for the eastern flow
'Cause I keep waiting for the eastern flow
Blow baby flow, flow baby blow
And I keep waiting for the eastern flow
Still I keep waiting for the eastern flow It's just another just another lover's Saturday night Allow me to explain
