One Day at a Time

Sam Smith

Let's turn off our phones tonight
And rely on the stars
We've been so lost lately
We forgot who we are
But I got everything I need, baby
In the palms of your touch
In a world of dark distractions
It can all get too muchSo let's sit by an English river
'Til the water runs dry
Can we light a cigarette
And talk about days gone by?
We're neither saints or sinners
So leave your history behind
Let's grab a bottle and take it one day at a timeTake it one day at a timeI know you're feeling weighed down tonight
And you can't find the breaks
Every day is too long for you
You are sworn to your fate
But we got everything we need, baby
In the memories we makeIn a world of reinventions
It's never too late
So let's sit by an English river
'Til the water runs dry
Can we light a cigarette
And talk about days gone by?
We're neither saints or sinners
So leave your history behind
Let's grab a bottle and take it one day at a time
Take it one day at a time, mmm
Oh, so let's sit by an English river
'Til the water runs dry
There is nothing that we've done wrong
That can't be made right
We're neither saints or sinners
So leave your history behind
Let's grab a bottle and take it
Grab a bottle and take it
Grab a bottle and take it one day at a time
