Look Back In Anger

Television Personalities

I said some things I shouldn't have said
Should have kept them to myself instead
I was wrong, I admit I was wrongI'm very sorry when I look back at you
I was wrong, I made you cry
But isn't that what you want to hear?
I look back in anger, I look back at you
I look back in anger at youI did some things you thought weren't good
Not quite the way you thought I should
I listened to your advice
Did what you said, never thought twiceI'm very sorry when I look back at you
I was wrong, I made you cry
Isn't that what you want to hear?
I look back in anger, I look back at you
I look back in anger at you
All the things you do
