

Under Your Spell (Duderstadt Remix)

Cosmic Gate

Counting out the hours
Like the beat of a song
I feel like a stranger
Wondering where I belong
I wanna start all over
But I know that I can't
I'm helpless without you
I don't know who I am I'm under your spell
Bound and blind and only you can save me
I'm tangled up inside
Caught in your web
I'm hypnotized and only you can wake me
Only you can bring this heart to life Colors feel so faded
And I can't hear a sound
I'm walking in circles
Watching my world burn down
There's nothing else to fight for
'Cause you're all that I know
I'm stuck in your shadow
Letting you take control I'm under your spell
Bound and blind and only you can save me
I'm tangled up inside
Caught in your web
I'm hypnotized and only you can wake me
Only you can bring this heart to life So pull me in and don't let go
I wanna fall forever
I wanna overflow
If there's some way out, don't let me know
I don't wanna come to
It's too big to undo
I need to be near you
I can't keep away
Under your spell
I'm under your spell I'm under your spell
Bound and blind and only you can save me
I'm tangled up inside
Caught in your web
I'm hypnotized and only you can wake me

Only you can bring this heart to life
