On Love

Jennifer Knapp

Hello
Isn't that enough
Running away
StayI have waited long
But never given up
I have waited on you
But never, never on loveTake my hand
Feel the sand
Slipping away
And you remainI have waited long
But never given up
I have waited on you
But never, never on loveSo cling to me
And I will be forever
And I will heal
And you will feel much better
You'll feel much betterI have waited long
But never given up
I have waited on you
But never on loveI have waited long
But never given up
On love
Never on love
