

# OK OK

## Juliana Hatfield

Why you asking?  
That's the last thing  
Untrusted, not busted What? What? What? What?  
What? What? What? What? What a cheap shot, I did not  
Just believe it, just leave it Shut up, shut up, shut up  
Shut up, shut up Ok, ok, whatever you say  
Ok, ok, I did it but I didn't  
Ok, ok, don't make me get crazy  
Ok, ok, ok, ok, ok, ok Forget it, regret it  
Imagining not the real thing I love you, I love you, I love you, I love you  
I love you, I love you, I love you, I love you  
I love you, I love you, I love you, I love you  
I love you, I love you, I love you, I love you  
I love you, I love you, I love you, I love you Ok, ok, whatever you say  
Ok, ok, I did it but I didn't  
Ok, ok, don't make me get crazy  
Ok, ok, ok, ok, ok, ok  
Ok, ok, ok, ok, ok
