Feel The Heat

King Kobra

You are feeling by the heat
Won't you walk into the room?
Watch a change in the weather
You're just one man on moonIf she only knew what she put you through
Every little motion spots a fire in youFeel the heat
Rising from your desire
Feel the heat
Oh, She's gonna set your heart on fire
You get this burning sensation
From the fire in her veins
Give in to her temptations
And you won't feel any painTemperatures keep on rising
Lifting you up off the ground
Take it to the limit
She won't let you downFeel the heat
Rising from your desire
Feel the heat
Oh, She's gonna set your heart on fire
She use your heart?
Like a summer breeze on a winner's night
Just steal your love
... of the night?
She makes you feel so right
