

Down With the Bass

Firehose

Better get in, when you get here
Rolling around on floor out the door of the stair way
And the ... play, can't get them down
By any... on the concrete
And the ... and the bass, and the bass
And it's now in your mind
Singing down, down, with the bass
And down, down, down with the bass
Down, down, down with the bass
... Down, down, down with the bass
Put it down, down, down with the bass
Down, down, down, bass
Down, down, down with the bass
... the top of the ... like a dream.
Down, down, down the bass
And down, down, down with the bass
Down, down, down with the bass
Way down, down, down with the bass
Yeah down, down, down, down, down with the bass.
