Nekronomicon

Nekromantix

Left all alone in these fields of dust and death
Stones bricks & bones here
Can only hear my breathe
Black fields of death not a soul is left around
Cradle of death is the place where I am bound(???)Now- I only hear the dead...where have you gone
nekronomicon
where have you gone
nekronomicon
where have you gone
nekronomicon
where have you gone
nekronomiconDesert of death,
Skulls and bones are all around
Meet with the dead,
Tombs are coming off the ground
Trapped in this world
Ruled by the demons from beyond
True lurking fear, for the Nekronomicon(???)Now- I only hear the dead...where have you gone
nekronomicon
where have you gone
nekronomicon
where have you gone
nekronomicon
where have you gone
nekronomicon(???)Now- I only hear the dead...where have you gone
nekronomicon
where have you gone
nekronomicon
where have you gone
nekronomicon
where have you gone
nekronomiconwhere have you gone
nekronomicon
where have you gone
nekronomiconwhere have you gone
nekronomicon
where have you gone
