

A Beautiful Mess

Meredith Edwards

My life could not be better
My life is a total wreck
Can't string two thoughts together
But I can write a love song in my head
One minute I'm strong and fearless
Like a modern day Joan of Arc
Next thing I'm writing you letters
And dotting my I's with little pink hearts
Oh, love's everything and nothing like I'd thought it'd be
Just look at me, with you
It seems like lately crazy's making perfect sense
Oh, ain't love a beautiful mess
It's music, lights, and colors
A dance on a merry-go-round
An emotional roller coaster
Cry when I'm up and laugh when I'm down
Your kiss intoxicates me
I'm flying, I'm falling hard
One touch and I'm landing safely
Right into your loving arms
Oh, love's everything and nothing like I'd thought it'd be
Just look at me, with you
It seems like lately crazy's making perfect sense
Oh, ain't love a beautiful mess
Oh, love's everything and nothing like I'd thought it'd be
Just look at me, with you
It seems like lately crazy's making perfect sense
Oh, ain't love a beautiful mess
