Subconscious Terror

Benediction

Swirling Void, unfathomable Dark,
Inner cranial, Conflict,
Wading in detached Reality
Infinite Illusion
Dark Abstract, Vice-like Grip
Subconscious TerrorNever underestimate the Unseen
Brain producing Fear and Hate
Overpowering Images - the macabre
Side of you.Physical Untruths,
Fuel for its cruel Tricks
What in Reality is Questioned
Is reversed into the Norm.Immediate escape!
The vital need
But you've been animated
At half Speed.Still you run but trip,
Dawn into the bottomless Abyss,
Consciousness will slowly dwindle,
As your Nightmares assume Control.Float in mental Purgatory
Subconscious Terror
